64 SUNSET CHIMNEY

SEBAGO LAKE | RAYMOND

Relax and rejuvenate at this peaceful lakeside retreat. Introduced by the welcoming two-story entryway, this masterfully crafted estate is hallmarked by its seamless blend of rustic design and luxurious modern amenities. The open floor plan flows in flawless progression from the gourmet kitchen to the awe inspiring, two-story great room meticulously designed from floor to ceiling.

The dramatic interior features refined workmanship and careful attention to detail throughout. Arched wooden beams stretch across the outspread great room ceiling met by the top of a dramatic, two-story fireplace, uniquely crafted with massive granite stones. The westerly wall of the great room offers breathtaking views of Sebago Lake, set to the panoramic backdrop of New Hampshire's White Mountains.

The comfortably elegant master suite opens through an exquisite stained glass door revealing spectacular water views that are complemented by a private, covered stone terrace. Sumptuous his-and-hers closets and baths feature custom built-ins, tumbled marble floors, and modern amenities.

Delicate detail adorns an intricate staircase finished with wrought iron, leather-wrapped railings, and a custom chandelier. At the top of the staircase you are greeted by copious lake views through the westerly windows of the great room. Down the hallway you will find a cozy family room, two additional en suite bedrooms, an office complemented by water views and custom finishes.
